## Forest School:

Having recently completed his Level 3 Forest School Leadership qualification, Mr Reid has created an outdoor environment where learner-led exploration and discovery can take place. This term he has used the space for groups of Year 4 children with the hope of offering it more widely in the future. The children have been thoroughly enjoying the experiences so far which have involved: using hand tools, starting fires safely and making dens creating meaningful and positive lifelong experiences.

Year 3 Tri-Golf: This week a group of Year 3 children attended Brampton Golf club. This was the first Sports Games event outside of school since March 2020. All behaved brilliantly and enjoyed this experience.

Remember to share your walks on your child's Google Classroom account this month!

Northants Baseball Club are giving FREE youth sessions every Tuesday 6:15pm – 8:15pm as a way of encouraging the community to keep active.
