

## English

**Writing and Grammar:** We will be focusing on writing a range of high quality pieces, from descriptive writing to information texts around the book of Neverbelieve.

**Reading:** Your child will participate in a daily reading activity to support their reading and comprehension skills. Please make sure you listen to your child read regularly as well.

## French

**As-tu un animal?** This term we will be looking at the names of animals and be able to create short conversations on them as well as looking at Le Carnaval.

**ART:** Many famous artists and techniques have come from The Netherlands. We will be looking in more detail at Delftware whereby children will create their own Delft designs and print it.

**DT:** This term will see some sweet Dutch treats being created and tasted.

## Humanities

We will be exploring The Netherlands this term, looking at its traditions, culture, language and history and comparing it with our own as well as the importance and impact of water on the country.

## Science

### Living Things in Their Environment:

To classify and identify plants and animals using keys as well as seeing how they have adapted to their environments.

## R.E.

### What does it mean for Muslims to follow God?

We will be looking at the beliefs and practices of Islam and how they show their love for God.

## Music

**Brass Project:** Taught by Mr Bonsor and Mr Fountain, the brass project will continue throughout the year. Please encourage your children to practise if they are able to.

## Year 5 The Netherlands Spring Term

## P.E.

**Real Leaders:** All children are going to learn what it means to be a great leader and to lead their peers in physical activities.

**Swimming:** 5P is swimming this term with the aim to swim more confidently and competently across a range of strokes as well as performing some invaluable life-saving strategies.

## Maths

Alongside our focus of number, place value and operations this term, we will look at multiplication and division methods as well as fractions, decimals and percentages.

There will also be a continued focus on times tables and arithmetic (mental maths).
